PRESCRIPTION DRUGS			
Prescription Drugs		See “Your Prescription Drug Program”	

<sup>1</sup>Delaware law defines serious mental illness as including nine diagnostic classes. Benefits for serious mental illness and substance abuse treatment are covered at the same levels as other medical care.

Your PCP must authorize your health care services. Most medical services are provided in the offices of panel physicians.

Note: The plan includes reduced coverage for bariatric surgeries and preferred coverage for organ transplants performed at the Blue Distinction Centers for Transplants (BDCT). For transplants performed at participating but non-BDCT facilities, charges are covered at a reduced benefit level. Transplants performed at non-participating facilities are not covered.

**This Benefits Summary presents plan highlights only. It is not a contract. Please refer to your benefits booklet (or contact your marketing representative to request a copy) for complete information. All percentages are based on Highmark Delaware's allowable charge.**
