¹Benefits are subject to a Plan Year deductible

²Delaware law defines serious mental illness as including nine diagnostic classes. Benefits for serious mental illness and substance abuse treatment are covered at the same levels as other medical care.

Note: Copays still apply after coinsurance expense limit has been reached.

Note: The plan includes reduced coverage for bariatric surgeries and preferred coverage for organ transplants performed at Blue Distinction Centers for Transplants (BDCT). For transplants performed at participating but non-BDCT facilities, charges are covered at a reduced benefit level. Transplants performed at non-participating facilities are not covered.

There are no Out-of-Network benefits. EPO members can access In-Network PPO providers anywhere in the Nation. If you are enrolling in the EPO Plan, you can take advantage of additional resources. The Blue Cross and Blue Shield Association's web site, bluecares.com, provides online access to the most current listing of providers, whether you need covered medical care close to home, across the country or around the world. On the bluecares.com home page, EPO enrollees should click on *BlueCard® Doctor and Hospital Finder*, provide the information requested, and choose the *PPO Network* option. Once you submit your information, you'll instantly receive an online list of network providers in the zip code requested—as well as driving directions to their offices or facilities. If you prefer personal help by phone, you can find network providers by calling a BlueCard customer service representative at **1.800.810.BLUE (2583)**.
